*Quickly find the solution*

**Record it!**  
*Easily capture pictures and video*

**"Your extended hands and eyes!"**

**Works with Cable Rod**

**Full Colour Display**

**Record Function**

Tube Diameter 9mm	2.4GHz Wireless	color	Li-battery	3.5" TFT	SD Card	REC Recording	IP 67 Weather-proof	Night vision
-------------------	-----------------	-------	------------	----------	---------	---------------	---------------------	--------------

The Super Cam V6 features a 9mm endoscope camera, which is perfect for close up work when inspecting cable runs, under floors, wall cavities and confined spaces.

Viewing distances can be increased with additional extension lengths (optional). The V6 also works with the Super Cam V5, which allows you to inspect voids over longer distances, in some cases up to 30 metres!

The V6 monitor has a recording function, which allows you to document inspections, discuss tasks with clients etc. Footage can be played back through the monitor, through AV connections or sent to a computer via USB.
